

Spectator Code of Conduct

Northern Counties' Junior Jamboree

We would ask you to follow these guidelines when supporting your child in the Jamboree:

- Please ensure your mobile phone is switched off and is only used in the case of emergencies.
- Please do not go onto the tees, fairways or greens
- Try to stay approximately 50 yards away
- It is forbidden to offer advice or coaching
- If your child, or any other girl in the playing group loses a ball you may help them to look for it. Should you find the ball **do not touch it**. Your child needs to identify her own ball.
- If your child has a problem please contact one of the County Officials and ask them for help.
- If you need to get information to your child when they are on the course please try to contact them through one of the County Officials. Do not approach them yourself.
- Please be aware of other competitors and try to ensure that you do not distract them.
- Please try not to criticise or show displeasure if your child hits a bad shot.

We want your child to enjoy her game, to grow in confidence and to become an independent golfer.
